October 10, 2014

Dear Reader:

The Tuscarora Field Office has completed Draft Standards and Guidelines Assessments for the South Jiggs Complex. This assessment displays all available monitoring data on the allotment and draws draft determinations on the level of attainment of the Standards and Guidelines for Rangeland Health. The evaluation will be available for review on the internet at the Elko District's website at: http://www.blm.gov/nv/st/en/fo/elko_field_office.html. Hard copies of the document are also available from the Elko District Office upon request.

The Tuscarora Field Office would appreciate your input during the process of assessing Standards and Guidelines for the South Jiggs Complex. Please provide comments or data pertaining to the South Jiggs Complex Draft Standards and Guidelines Assessments to the Tuscarora Field Office by November 21, 2014 for consideration.

Following review of comments and data provided in response to the Draft Standards and Guidelines Assessments for the South Jiggs Complex, an Environmental Assessment or other appropriate National Environmental Policy Act (NEPA) document will be written. This NEPA document will analyze grazing within the South Jiggs Complex. The preliminary NEPA document will be available for a 30 day public review and comment period.

Comments and data should be submitted to the Bureau of Land Management, 3900 Idaho Street, Elko, NV 89801-4211 Attention: Jerrie Bertola faxed to (775) 753-0347, or e-mailed to TuscFO_NEPA@blm.gov. If you fax or e-mail your comments, please reference the complex name "South Jiggs" and the Tuscarora Field Office. All comments must be postmarked or otherwise received by November 21, 2014.

Sincerely,

/s/

Richard E. Adams
Field Manager
